

Brief CV

Name	Hengyun Zhang	Gender	Male
Title (Pro./ Dr)	Professor, PhD	Country	China
Phone Number		Emails	
University Department	College of Automotive Engineering, Shanghai University of Engineering Science		
Personal Web Sites	http://cae.sues.edu.cn/c8/95/c10967a116885/page.htm		
Research Area	Automotive Thermal Management, Battery cooling, heat transfer enhancement		

Brief introduction

Prof. Hengyun Zhang, received Ph.D degree in Mechanical engineering at Nanyang Technological University. He was awarded as the Professor of Special Appointment (Eastern Scholar) in 2013 from Shanghai Education Commission. His research interests include thermal management and energy conversion of new energy automobiles, electronic and electrical systems, and heat transfer. He has published around 80 papers in journals and conferences. He received two best papers from the international conferences ITherm 2004 and Icept 2010, respectively, as the first author. He has more than 30 patents filed and granted in the related field. He also served several international conferences such as IEEE EPTC2016, IEEE Icept 2012, ASME MNHMT 2016.
